

Samford Rangers Football Club

Policy 005 – Play with a Friend

Samford Rangers understands that there are situations where players would like to be assigned to the same team as one or more of their friends.

The completion of the *Request to Play with a Friend* form (available at sign-on) is a formal request to the Club for your child to play with one or more of his/her friends. This facility is aimed at players in the under 6, 7, 8, 9 or 10 age groups as children older than this participate in the assessment/grading process to determine team allocation.

Wherever possible, players who played at the Club last season are automatically allocated to that same team for the upcoming season. If you have strong views for your child not to play in the same team as last year, the *Request to Play with a Friend* form can also be submitted to the Club indicating this request.

Please note that due to team size restrictions and other logistical factors, it may not be possible to satisfy all requests.
