

# Samford Rangers Football Club

## Policy 010 – SSG Team Equality

Samford Rangers Football Club conducts an in-house, small-sided games competition for the Under 6, 7 & 8 age groups.

Generally, teams will be formed after consideration of all "Request to Play with a Friend" forms which are completed and received at sign-on.

Teams are not graded on ability however, from time-to-time situations may arise, through no fault of anyone, that one or more teams are either far superior, or far inferior, in ability compared with other in-house teams.

To ensure that all teams are relatively equal in ability, Samford Rangers Football Club reserves the right (only if required) to slightly change one or more teams during the course of the football season to ensure that all teams remain relatively equal in ability.

Should a situation arise whereby one or more teams consistently wins, or loses, by a large margin, a consultation process involving the respective team's coach, manager & parents will take place, with a view to resolving the situation with minimal team changes.

Samford Rangers Football Club strives to ensure that the children enjoy their football, and even though scores are not recorded in small-sided games, when one or more teams are consistently beaten by large scores, their enthusiasm for the game quickly diminishes.
